

Harbor Town

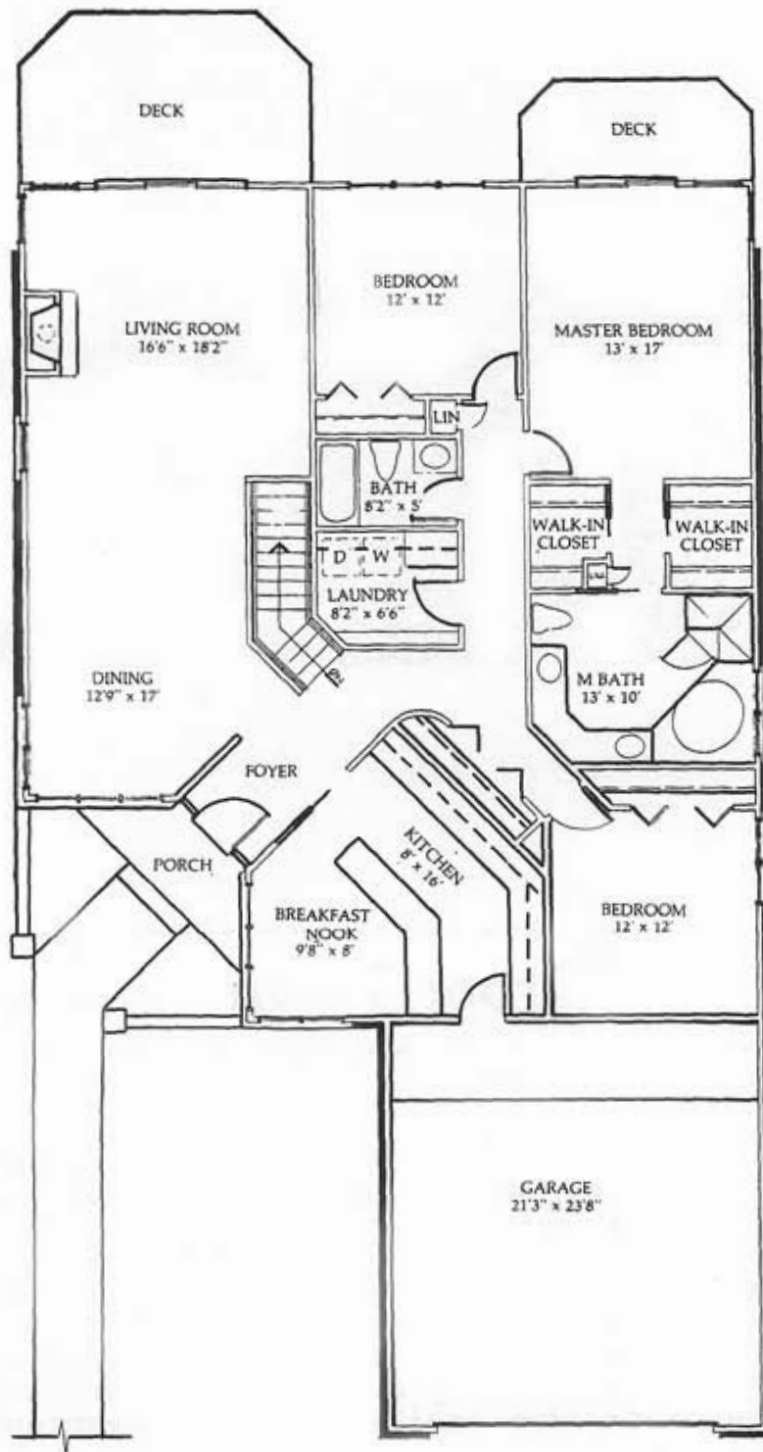

A spectacular view of the golf course can be seen from both the master and guest bedrooms in the Harbor Town. The master bath has both a bathtub and shower. Vaulted ceilings complement the large living and dining areas and make entertaining a pleasure. A third bedroom/den is located directly off the kitchen area. An option plan eliminates this bedroom/den area, increasing the size of the kitchen and nook areas. The lower level entry is accented by a beautifully crafted staircase just off the foyer. Laundry facilities are conveniently located on the main level near the bedroom areas.
